ACADIA HOUSE.

ACADIA HOUSE.

The reputation of a large mercantile establishment is what constitutes foundation of its trade.

People do not patronize a store that has become unpopular through unclose or tricky treatment of its sustomers. The reputation of the Acadia House, Sydney, for many years has be as to constantly increase its trade.

The people of Cape Breton patronize the Acadia House because they have ned with their education that it is a thoroughly reliable establishment.

This autumn again, the Acadia House offers its patrons a complete stock code especially selected for their wants and bought in the best markets.

The ability of an old established house to buy in the best market means assarily the best bargains for their customers in every respect.

Once again, the people will find that they can get the best value for their money at the Acadia House in all manner of Groceries, Dry Goods, Hardware, Boots and Shoes, Men's Furnishings, Crockery, Furniture, etc. If you want to buy anything, it will pay you to inspect the stock at the dia House, Sydney, before looking elsewhere.
